Ajax Turner Company provides year-round job stability.

We are looking for highly motivated and energetic Order Pickers to help safely, accurately, and productively build custom orders placed daily by sales reps. Order Pickers play a very significant role in our distribution process in ensuring customer accounts get the right orders delivered to them daily.

Come be a part of a clean/safe and positive warehouse working environment.

DUTIES AND RESPONSIBILITIES:

- Using the company's scanning Bluetooth system to build pallets of products throughout the warehouse.
- Delivering the finished pallets to the proper loading area.
- Safely operating Motorized Pallet Equipment and related warehouse equipment.
- Completing all required training and certification.
- Attending daily night warehouse briefing.
- Performing and completing daily pre-trip safety inspections.
- Recognizing damaged product and taking it to the repack room.
- Maintaining the minimum picking and accuracy standards as assigned by the night warehouse management team.
- Ensuring the proper cleanliness of the pick area throughout the shift.
- Ensuring daily processes are performed safely, correctly, and efficiently.

Candidates must be able to pass pre-employment checks: Criminal background, physical and drug screening.

Ajax Turner Company is proud to be an Equal Opportunity Employer.
